MOTION 2008.045. WHEREAS the Department of Rehabilitation Business Enterprises Program is granting Waivers to non Randolph-Sheppard businesses for operating the Blind's food services on State and Federal properties, and

WHEREAS these private businesses are significantly, benefiting from the Blind's Randolph-Sheppard priority on these properties,

The QLDC Subcommittee moves...

Therefore let it be RESOLVED; that as of January 1, 2009, all

Waivers granted to any private businesses for food services, on Randolph-Sheppard properties. Shall contain a new stipulation for the collection by the BEP, of a Randolph-Sheppard Priority fee, for the ability of operating on these properties. This charge will be a minimum fee of \$500. Which shall be paid to the BEP each quarter, during the Waiver's length. Facilities that also have vending machines, shall continue to pay the contracted preset commissions in addition to the food service fee requirements. The name only of the above fee may be changed to meet legal requirements.

MOTION 2008.046 Motion to re-structure the method of paying health insurance premiums.

Currently the vendor pays a set amount towards the insurance premiums and the rest of the premium is paid from the set-aside fund.

This motion asks that we reverse that so the set-aside fund pays a set amount which would be \$425 per month and the vendor pays the balance. In the event that a vendor is in an area where there is no HMO coverage and only had the choice of a PPO plan the trust fund will pay \$625 for those vendors.

By setting the amount at \$425 per month the majority of vendors would have an amount of less than \$200 to pay out of pocket.

The rational in this is with the current structure if many of the vendors would choose the most expensive plan offered it would cause a significant increase in the amount paid out of the set-aside fund and there is nothing in place to prevent this from happening.

With the new structure the vendor would have the choice of plans with the set-aside fund only being responsible for the set portion.

MOTION 2008.047. The Training subcommittee recommends that a page be added to the CVPC web site that would contain training documents developed by the training department and or the subcommittee. The purpose would be to give all vendors access to training material and other tools such as an employee hand book that can be modified to any business. The page would contain a link to the BEP web site so that Vendors can receive the forms as they are updated.
